

Renewable Energy Site Tours

Experience the Power of Renewables

with a tour that takes in some of our region's *Renewable Energy Trail* sites

- ❖ Walk amongst majestic wind turbines
- ❖ Be amazed by the world's largest solar dish
- ❖ Visit our world-leading *Batt Lab!* – battery testing centre
- ❖ See waste transformed into energy/ used for aquaculture
- ❖ Experience the future of sustainable living

You are invited to join us on a luxury coach tour that will showcase why the Canberra Region epitomises renewable energy excellence. The Tour provides a personal guide, with site options including a visit to a solar farm, wind farm, waste-to-energy facility, hydro-electric power station, solar thermal dish concentrator, battery test centre and a 6-star Green Star Community Development.

Full-day tours (8 hours):

Up to 10 people	\$1,900
11 to 25 people	\$4,125
26 to 45 people	\$5,325

This full day tour includes morning tea, lunch and afternoon tea, with visits to the Woodlawn Wind Farm, Woodlawn Bioreactor, Mt Majura Solar Farm, ANU Big Dish, and ITP Renewables Battery Test Centre.

Half-day Tours (4 hours):

Up to 10 people	\$1,650
11 to 25 people	\$2,575
26 to 45 people	\$2,975

This half-day tour provides morning tea and includes visits to Googong Mini Hydro, Mt Majura Solar Farm, ANU Big Dish, ITP Renewables Battery Test Centre, and Ginninderry's sustainable building.

Ask us about the option to finish at one of the region's famous wineries or restaurants!
